Education

I am a forth-year student at BSUIR of Faculty of Computer Systems and Networks specializing in information technology software. Average score – 7.67.

Professional skills

- Understanding of OOP principles
- Java SE
- Experience in Spring Boot (Spring JPA, Spring MVC, Spring Security)
- Experience in building of Rest API
- Experience in React
- Base knowledge of SQL
- Experience in UML diagrams (use case, activity, class, database)
- Bases of HTML, CSS, JS

Practical Experience

- Experience in creating a web application for questionnaires. You can find more information about it in description to repository of client part ([PavelKostBSUIR/quest_front \(github.com\)](https://github.com/PavelKostBSUIR/quest_front)). Here you can find link to server part implementation ([PavelKostBSUIR/quest_back \(github.com\)](https://github.com/PavelKostBSUIR/quest_back)). It's worth noting that server side code of this project is better than the next one.
- Experience in creating a marketplace application. You can find more information about it in description to repository of client part ([PavelKostBSUIR/store_front \(github.com\)](https://github.com/PavelKostBSUIR/store_front)). Here you can find link to server part implementation ([PavelKostBSUIR/store_back \(github.com\)](https://github.com/PavelKostBSUIR/store_back)).
- Voice chat on Java Platform based on TCP and UDP sockets with JavaFX as a GUI library ([PavelKostBSUIR/VOICE_CHAT \(github.com\)](https://github.com/PavelKostBSUIR/VOICE_CHAT)).

English Level

B1
